Let your furball enjoy the outside elements—worry free! PetSafe's Cat Veranda allows for confined kitties to feel the breeze blow through their fur, minus the dangers of the great outdoors. The sturdy, steel constructed rust-resistant patio fits in your window and supports up to 20 lbs. The outdoor carpet covered lounging platform has attached flaps that can be closed to limit use, as well as help prevent mold and mildew. Your indoor kitty will not only be sitting pretty, but sitting out of reach of the pit bull next-door.
