## **As Seen on Blog Cabin: PetSafe® Brand's New Drinkwell® Sedona Pet Fountain Features Cutting-Edge Design and Large Water Capacity**

**KNOXVILLE, Tenn. (October 22, 2015)** – Pet parents with large or multiple pets who value modern design now have a new way to provide their pets with a constant source of fresh-filtered water with the PetSafe® [Drinkwell® Sedona Pet Fountain](#) from [PetSafe](#) brand, an industry leader in the development of innovative pet behavioral, containment and lifestyle product solutions.

Boasting a trendy, cutting-edge design and 100-oz. water capacity, the PetSafe Drinkwell Sedona Pet Fountain is great for pets of all sizes or multiple pet households. The clear bowl design not only minimizes spills and splashes, but also provides a large drinking area to accommodate pets with large or flat faces. The fountain is whisper-quiet making it easily approachable for apprehensive pets or pet parents that do not like the sound of falling water.

Featured on DIY Network's *Blog Cabin Mountain Retreat 2015*, the Drinkwell Sedona Pet Fountain provides dual filtration, including an activated carbon filter that removes bad tastes and odors and a foam filter that captures hair and debris. The ceramic tower and impact-resistant copolyester plastic bowl give the fountain a stylish, contemporary look and are top-shelf dishwasher safe for easy cleaning.

Heather Owens, Category Manager – Water and Feed Solutions for PetSafe brand, is proud to offer products like the Drinkwell Sedona Pet Fountain that keep pets healthy and hydrated, while also adding an elegant touch to a home's décor.

"In addition to complementing your home's design, the Drinkwell Sedona Pet Fountain aerates your pet's water, which naturally cools and freshens it," Owens said. "Giving pets filtered, oxygenated water entices them to drink more and get the proper hydration that is essential to their health."

Ensuring proper pet hydration is extremely important to PetSafe brand, which declared July as "Pet Hydration Awareness Month" to help educate pet parents about the health risks of dehydration and how to best keep their pets properly hydrated.

The PetSafe Drinkwell Sedona Pet Fountain is priced at \$99.99 and is available for purchase on [petsafe.net](http://petsafe.net) and at authorized retailers.
